# We dedicate

*our yearbook to...*

## *Mr. Rippey*

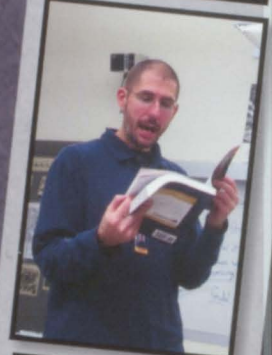

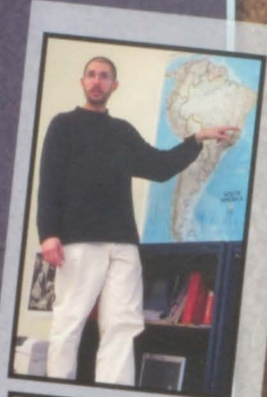

We will never forget the crazy teacher in the history department with his long Santa-beard and amazing ability to tease every person on earth and be loved all at the same. Mr. Rippey has a rambunctious attitude that always made us laugh. He is a great history teacher, and above all else an inspiration to our class. He has encouraged students and teachers to be active members of the community, he has pushed us to be inquisitive, and he is one of the few teachers that we consider a friend. Mr. Rippey has a *fabulous* way of being our teacher and our friend, which only makes us even more driven to ask questions and not be afraid. We dedicate this year book to Mr. Branden Rippey for his honesty, understanding, and commitment to teaching us into becoming self-aware individuals ready to take on the world.

## *Mr. Garcia*

Mr. Garcia will never be forgotten. He was a wonderful gym teacher, someone who can always put a smile on your face, and above all else very latino. When he wasn't in his room cranking up reggaeton, he was in the weight room more then willing to exercise with us, keep us company, or just make us laugh. Garcia was always considerate and able to notice if a student was going through something and ready to give them a little piece of advice that always helped. Even if he is not here with us, we still keep the smiles we've made in his presence. He was a great coach, teacher, and human being. We will never forget Reinaldo Garcia. *We love you.*

"AYO IIGHT!"

*So Long, Adios, Au Revoir & Ciao*

# Words Of Advice

*from the administration*

Four years ago we entered Science Park together. Many of you were frightened freshmen, not sure what was to come over the next four years. I, as a new principal felt some of that same anxiety. Four years later you have blossomed into confident young adults ready to take on the world. I am so proud of what each of you have become. We have prepared you. You have done well and my expectation is nothing less than greatness to come from this class. As I think about the class of 2013 I will always remember the various personalities, the good nature of the class, and the times we have shared with one another. Whether it is for a moment, a season, or a lifetime, I am so grateful that you have been a part of my life. Congratulations and job well done!!!

Mr. Thomas

Life is like a journey; and, sometimes, the straight road is not the most interesting. Take a side road every once in a while, and leave a new path for someone else to follow. If things don't work out as you think they should, remember that there's always another bend in the road to explore. I wish you the love of a special person, the camaraderie of good friends, and, just enough rain in your lives to help you see the flowers grow and appreciate the clear skies. I wish each one of you a good journey.

Mrs. Jackson

Dream big, have faith in yourselves and reach for the stars!

"Faith is a knowledge within the heart, beyond the reach of proof", by Khalil Gibran

Mr. Sawaged

"I found that nothing in life is worthwhile unless you take risks." – Denzel Washington

Class of 2013 you must work hard to achieve your goals. Nothing in life will be handed to you. As you leave Science Park I say to you it's time to put on your adult caps and good luck with all your future endeavors.

Ms. Alvarez

# Remember When ...

## Teacher Edition

"Darius decided to do an experiment to see what happened if he did NO schoolwork for an entire cycle? The results were predictable..."  
-Mr. Rippey

"When D'Andre Williams was in 8th grade, he would tell me he could not hand in his assignments because he was attacked by ferocious squirrels. The following week, he brought in his science fair poster that made me actually believe his story." -Mr. Townsend

"I walked into the room and some of you asked what school I'm from thinking I'm a transfer student? You've all been extremely sweet since then and it's been a pleasure to watch you grow into the wonderful young men and women that you are now. The class of 2013 will always be special to me. Good luck guys!"  
- Ms. Perez

"Remember when ... Robin DeMande and Natalie Samuels always wanted to dance and sing in class...well, that hasn't changed a lot, has it?"  
- Mrs. Panasiti

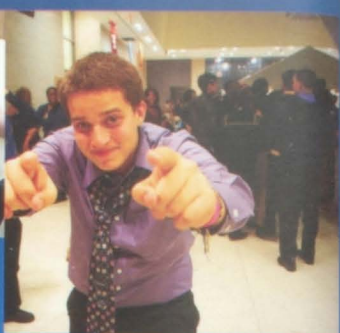

"Remember when... Mr. Gironda tripped over Richard's bookbag and then threw it in the garbage?"  
- Mr. Gironda

## Fond Farewell

When asked what she plans to do after retiring in June, computer apps teacher Maryann Wawak shrugs her shoulders and answers "Who knows! Life has a funny way of taking you in one direction when you thought you really wanted to go in another. It all seems to work out in the end." Ms. Wawak's life has taken an interesting course to get to where she is today: "I went to college as an art major, then switched to English, dropped out and returned to gain a degree in Secondary Ed English." Her first job after graduation was as a second grade teacher. She eventually moved up to higher positions and was offered a job at Science Park High School as a Tech Coordinator. Ms. Wawak has worked very hard for many years at Science Park, so it is unquestionable that she will be missed greatly among the faculty and especially the students, since she has taught them as if they were her own children. "I sure won't miss the grading, bureaucracy, and paperwork," she stated jokingly. "Now it's time," Ms. Wawak says, "to aspire for all the things I never had time for, like photography, writing fiction, painting, graphic design, and maybe even starting my own business. All I have to do is find the right niche." Just like the class of 2013, Ms. Wawak is closing another chapter in her life and starting another. Upon closure of this chapter, she left behind a couple of words of advice for the class of 2013 to cherish eternally: "Work smart, not hard."

Thank you Science Park High for all the amazingly phenomenal people that I've met and that I now call 'friends.' I'll never forget high school. I only hope the best for everyone as we go our separate ways. We'll make a lot of wrong choices, change, and live. In the end, we just have to love the person we've become and the life we live so that we can live happily - That's all I want.

Throughout these four years of high school I have learned two things. The first is that pictures are truly worth a thousand words. They help us reminisce on those good times and those bad times. The second is that you should never give up on your goals even if the whole world is against you because you can't expect to win the race if you're not in it.

# Girls Soccer

Recap of the 2012 season

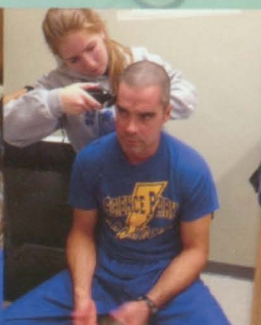

Overall Record: 12-3

2012 SEC Colonial Division Champions: Undefeated 10-0

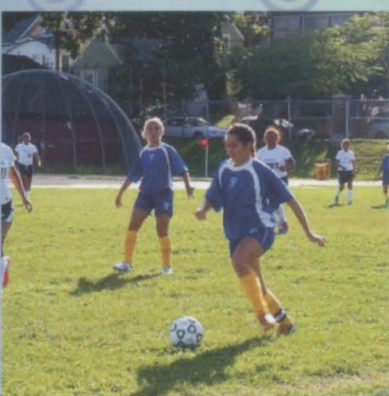

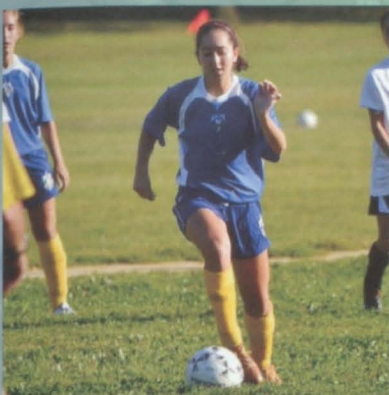

Outscored divisional opponents 52-7 in 10 games

The girls won their 1st states game in SPHS history! They defeated Dunellen 5-1 in the qualifying round and returned the following week, defeating Brearley with a 2-1 victory in the quarter-finals. Their incredible journey ended the following game against Belvidere, making it the 1st time any SPHS soccer team has made it to the semi-finals!

## The Synergist

### *Truth*

Science Park High School is an academic institution dedicated to the search for truth. The highest goal of academic work must be to learn for its own sake. Although we are often graded, excelling goes beyond the grade. Acquiring knowledge and furthering truth is its own end.

### *Peace*

Violence is not a way to solve problems within our community. All Science Park High School students must value each other.

### *Honor*

Students are to always be respectful of each other's space and persons. No student should ever be harassed physically, verbally, emotionally, or sexually. Additionally the abuse of prescription or illegal drugs is beneath the character of Science Park High School student. Science Park High School must be drug free.

### *Community*

Although we are a highly competitive school, we are also a compassionate family. We are a large, multi-racial, multi-cultural institution. We value all of our members. At all times, our community will be inclusive and welcoming to students of all races, religions, genders, economic classes, and sexual orientations. We are all valuable parts of one community.
